

Public Exhibition to display proposals for mixed-use development at HTG Trading/Hubbard Products, Church Road, Otley

HTG Trading and Hubbard Products are proposing to re-locate from their current premises at Church Road, Otley. Accordingly, proposals for re-development of the site are currently being considered.

As part of this process, we would like to discuss proposals with the local community so that any relevant feedback may be incorporated into the final scheme prior to submission of a planning application.

A public exhibition has been arranged, which will be attended by the Project Team, including HTG Trading representatives, who will be able to answer your questions on a range of topics including alternative site uses, planning, layout, highways, access, construction and sustainability/green issues amongst others.

We look forward to seeing you at the event, which will be held at:

Otley Village Hall on Wednesday 10th July, 3.30pm – 7.30pm

The exhibition will be informal, allowing you to attend at your leisure during the above opening times.
